WOMEN ONLY

Were Admitted to the House in Which the Police Found Riles of Human Bones.

St. Louis, Mo., Oct. 19.—In the cellar of an old mansion at 1014 Brooklyn street the police have discovered a private graveyard filled with bones which are positively declared to be those of human beings. The house was recently vacated by Dr. A. C. H. Baurichter, an old recluse, whose mysterious actions have been the talk of the neighborhood. An investigation by the police followed the finding of the bones led to the startling disclosures by neighbors to the effect that screams were frequently heard emanating from the old mansion; that the blinds were kept down all the time, that lights were burning throughout the night in the house most of the year, and that no men were admitted to the mansion, while women visitors were very common. The police are searching for Dr. Baurichter.

POWERS

TRIAL IS BEING HURRIED AT GEORGETOWN

JUDGE MORTON STATES CASE FOR DEFENSE.

CLERK JOHN RAY, A WITNESS.

Testified McGuffey Said Goebel Would Not be Governor of Kentucky, Soon He Was Shot.

Georgetown, Ky., Oct. 19.—In the Caleb Powers trial which promises to close as far as the prosecution is concerned today, John Ray, Clerk of the Court of Appeals, testified that Leander Guffy came to this office the morning Governor Goebel was shot, and said Mr. Goebel would never be governor, that he would be killed. An hour later Ray heard that Governor Goebel had been shot. Judge Morton opened the statement of the case for the defense. He compared the careers of Goebel and Powers, both of humble parentage and educating themselves by hard and conscientious work. He reviewed the entire story from the opening of the campaign and made an eloquent plea for fair treatment for his client. He said the passion of the time would explain many of the statements made and the \$100,000 appropriated to run down the assassin would explain the perjury and subordination of perjury in this case.

Georgetown, Ky., Oct. 19.—In the Powers trial Miss Snuffer, on whom Powers called frequently, testified she visited Powers in the jail and that he tried to get her to leave the state and not testify against him, because her testimony would be damaging. W. H. Culton, admitted being under indictment as accessory to Goebel's murder. He testified Caleb Powers said the Democrats would be given 30 minutes to settle the contest, and that if they did not do it every one of them would be killed. Witness further testified that Taylor said: "If the Democrats continue to rob us, Judges Hazelrigg and Hanson of the court of appeals should be killed—that will settle the contest." Culton denied he told Wharton Golden that the man who killed Goebel was so drunk he could hardly stand up.

FRENZIED

Patient Attacked Her Nurse With a Hatchet, But Help Came in Time.

Findlay, O., Oct. 19.—Mrs. Samuel Lindsey, a smallpox patient, last night suddenly became violently insane, and murderously attacked her nurse, Myrtle Bailey, with a hatchet that she had concealed beneath the covering of the bed. The women were alone in a parlor when the attack was made, and Miss Bailey ran screaming from the place, followed by the aged woman, clad only in a night dress, and brandishing her hatchet. The fleeing woman was fortunately met by two of the attending physicians, who caught the crazed woman and took her back to the ward. Mrs. Lindsey, who is 62 years of age, has worried about her condition, to which cause is attributed her insanity. Miss Bailey was unhurt save for a bad bruise from being hit with the blunt edge of the ax, and is prostrated from nervous shock. "Take a turn around the block," ordered the factions citizen as the organ grinder halted before the house.

GRAND OPENING AT BUCYRUS

OF THE DEMOCRATIC CAMPAIGN ON OCTOBER 23.

The Situation Continues Unfavorable for the Republicans in All the Important Counties.

Columbus, O., Oct. 19.—The practical completion of the arrangements for the formal opening of the Democratic campaign at Bucyrus next Wednesday assures the success of the big undertaking in a greater degree than was anticipated by some of its most enthusiastic promoters a few weeks ago. Reports to the state committee from the local committee on arrangements, of which ex-Senator H. E. Valentine is chairman, are of a most gratifying character. The arrangements contemplate an old-fashioned all-day Democratic jubilee, with oratory, afternoon and evening, a daylight parade and night fireworks. The speakers will be Colonel James Kilbourne, Democratic candidate for Governor; Hon. Anthony Howells, candidate for Lieutenant Governor; Hon. Tom L. Johnson, Mayor of Cleveland; Hon. John L. Zimmerman of Springfield, who was Col. Kilbourne's only formidable rival for the nomination; Hon. Charles W. Baker of Cincinnati; Congressman J. A. Norton of Tiffin; Hon. A. W. Patrick of New Philadelphia; Hon. John C. Welch of Canton and General E. B. Finley of Bucyrus. Except that Colonel Kilbourne will deliver the keynote address in the afternoon, the order of the speaking is not yet determined. It is probable that both meetings will be held out of doors in the spacious public square of Bucyrus if the weather permits, although this arrangement may be changed in reference to the evening meeting. The parade of unformed clubs and volunteers will move at 1 o'clock and will be reviewed by the candidates present, the speakers and other distinguished guests. The turnout of clubs will be very liberal especially from the central northwestern and northern parts of the state. Not less than two thousand enthusiastic Democrats, including the Kilbourne club, the Young Men's Democratic Club and other organizations of state reputation, will go from Columbus. Reports from the vicinity of Bucyrus, from Toledo, Marion, Sandusky, Mt. Vernon, Kenton and all the sections represented.

It seems funny that people go to the salt ocean for fresh air.

UNION

LABOR AT CHICAGO DEEPLY AROUSED

OVER THE ORDER PROHIBITING "PICKETING"

WHERE STRIKES IN PROGRESS.

Radical Action Decided Upon by Machinists—Strikers Declare They Will "Picket" and Fill Jails.

Chicago, Oct. 19.—The decision of Judge Christian C. Kohlhaas, enjoining labor organizations or individuals from "picketing" plants where strikes are in progress—especially at the Allis-Chalmers company's machinery plant, has aroused union labor of Chicago as it never has been aroused before. Radical action has been decided upon by the machinists whose conduct has been characterized by Judge Kohlhaas as "treason," "civil war," and "anarchy of the most despotic character." The strikers declare that they will picket the plant and that if they are arrested, other men will fill their places and so on, until the entire 2,000 strikers had been placed in jail or public criticism had forced Judge Kohlhaas to modify his order.

LITTLE

PROSPECT OF A VERDICT ON QUESTION

OF COMMAND IN THE BATTLE OF SANTIAGO.

SCHLEY'S LAWYERS CONTENTED

That Settlement of That Question is Essential—End Almost at Hand. Court of Inquiry.

Washington, Oct. 19.—With the end of the Schley inquiry almost at hand, there seems to be no prospect that a verdict will be rendered on the question of command during the battle of Santiago. Although to many persons that is one of the most interesting questions involved, it has not been taken up by the court. The precept does not require the court to say whether Schley or Sampson was in command, and the court has shown no disposition to raise that point. On the contrary since the first day, it has steadily ruled that only Schley's conduct during the campaign is in question, and that Sampson must not be brought into the case.

Schley's counsel have contended that a settlement of the question of command is essential to the proper presentation of the case. They have, however, accepted the rulings of the court regarding Sampson without much protest. In doing so, they have said that they will insist before the close of the case that they be permitted to show the parts taken respectively by Schley and Sampson in the battle. In the absence of permission to involve Sampson directly, Rayner has been quite successful in making his point in an indirect manner. This has been done by showing that the Brooklyn was in her blockading position when the battle began, was in the thick of the fight, made signals to the fleet, and received the surrender of the Colon an hour before the New York arrived.

Rayner's ingenuity of getting evidence to the court despite the objections of Captain Lemly has been one of the strong features of the case.

SCHLEY COURT DECISION.

Washington, Oct. 19.—The decision of the Schley court of inquiry will not be subject to revision by any authority. When the members of the court complete their report, they will give it to the Secretary of the Navy. He will read it and will undoubtedly make it public, but he will have no authority to change it, or to order the court to make changes. Neither will the President have this power.

It is the duty of the court to learn the facts regarding Schley's conduct and to recommend such future action in the case as it may deem proper. If the recommendation should not meet with the approval of the Secretary he would not need to act upon them. But the report will go upon record exactly as it is written.

Washington, Oct. 19.—Mr. Rayner, counsel for Admiral Schley, informed the court he hoped to be able to conclude the presentation of testimony for the applicant by the close of next week. He added that he thus far had not had opportunity to consult with witnesses who are still to be heard. The list of witnesses examined included eight names. Lieutenant Commander Nicholson told the story of the battle of July 3 as he saw it from the deck of the Oregon. He said the movements of the Oregon had not been controlled by signals from the Brooklyn and he expressed the opinion that the Oregon was nearer the Colon than was the Brooklyn. It is the present plan of Mr. Rayner to have Lieutenant B. W. Wells, Jr., Admiral Schley's former private secretary, give a complete history of Admiral Schley's actions during the Spanish war. This witness will be examined Monday.

ANARCHY AND PATRIOTISM.

In the light of the tragedy at Buffalo a peculiar interest attaches to an address delivered by Mr. McKinley at the dedication of a soldier's monument in Cleveland on July 4, 1894. Just before he spoke the assembled school children of Cleveland had sung a patriotic song, beating time to their music with flags which they held in their hands. Mr. McKinley began by referring to the pleasing sight, adding: "With patriotism in our hearts and with the flag of our country in our hands there is no danger of anarchy."

... Anarchy flees before patriotism. Peace and order and security and liberty are safe so long as love of country burns in the hearts of the people. ... Liberty to make our own laws commands a duty to observe them ourselves and enforce obedience among all others within their jurisdiction. Liberty, my fellow-citizens, is responsibility, and responsibility is duty to preserve the exceptional liberty we enjoy within the law, and for the law and by the law." His statement that anarchy and patriotism are deadly foes could have had no more striking illustration than his own death.

We have indications from Washington that President Roosevelt will stand faithful to his civil service professions. He made his first appointment to an important Federal office in opposition to the earnest protest of one of the senators from the state concerned. Senator Burton, of Kansas, had been insistent in urging that one of his political friends named B. F. Tracy should be appointed as United States district attorney. The President, after listening to what Senator Burton had to say, selected John S. Dean, whom Burton opposed, for the position. It remains to be seen whether the latter will attempt to induce the Senate to decline to confirm the nomination on the plea of senatorial courtesy.

After all the bluster made by Attorney General Sheets and Secretary of State Laylin as to how they were going to jump onto the Steel Trust, they both made a clear back down, just as Democrats predicted they would do. Attorney General Sheets makes the thin excuse that the Steel Trust is not a trust at all. This decision prompts the Toledo Bee to say: "If Attorney General Sheets is right and the boss trust of them all isn't a trust at all, then what the dickens are the little fellows?"

From surface indications it does not appear to make any difference to Mr. Nash whether Mr. Foraker is elected Senator or not and it doesn't make any difference to Foraker whether Mr. Nash is elected Governor or not.

GRAND OPENING AT BUCYRUS.

(Continued from Page 1.)

ed by these cities indicate general exodus of Democratic voters toward Bucyrus on the day of the opening. The representation from the southern section of the state will not be so heavy, but will be sufficient to attest the universal interest in the event and to show that the whole party is in line for the ticket. There will be a large number of bands in the parade and the uniformed clubs will present a fine appearance. Colonel Kilbourne is expected to accompany the local clubs from this city under special escort of the Kilbourne club.

The people of Bucyrus have made a commendable effort to "give the town a good name" for hospitality on this occasion, regardless of their political affiliations. Among the prominent citizens of the town Republicans have joined with Democrats to insure that the event will in no wise be disappointing to any visitor. Elaborate preparations have been made to supply the wants of the hungry and for this one day the entertainment resources of Bucyrus will be unlimited. No one will need to ask the price, because that is something the committee has taken care and need not be worried about. Finally, the ample railroad facilities of Bucyrus make it possible to handle the crowds that will attend the opening without annoyance or inconvenience. Half rates will prevail on all roads and the special and regular trains will afford abundant means of travel for all who will come. Viewing the competent work of the local committee as far as it has progressed at this time, and considering the reports that have thus far come to the state committee from all parts of the state, it is not too much to predict that the Bucyrus opening will pass into history as one of the most successful ever held by the party in Ohio.

French Disaster Reported. Paris, Oct. 19.—Le Drapeau, the organ of Paul De Roulede, a bitter opponent of the Waldeck-Rousseau cabinet, says a letter recently received from the Ivory coast, West Africa, mentions a report that General Combs, the French commander there, has lost 70 killed and 200 wounded in engagements with rebels, and that the government has not replied to his request for reinforcements. This report is used by Le Drapeau as the basis of an attack upon the government. There is no confirmation of the story.

Troops Ordered Home. Frankfort, Ky., Oct. 19.—Governor Beckham issued orders to Adjutant General Murray, who is in command of the state troops guarding the Hopkins county coal mines, to break camp and send the soldiers to their homes. The reports received at the executive department from the governor's representatives in the mining district say that there is no further danger to the mine property from the miners or of a clash.

As carbon is the basis of all the organic substances of the world, so oxygen, the supporter of life and combustion, represents its living energies.

Mike. Pat—Are ye good at arithmetic, Mike? Mike—O' am. Pat—Well, if ye had a suv'rin, an Oi axed ye for ten shillins, how much would ye have left? Mike (decidedly)—A suv'rin. Pat—Ab, yez don't seem to see my idea. Mike—No, an' ye won't see my ten shillins.

His Business. Tess—Did you notice how that man stared at me? Jess—Yes; he's a reporter. Tess—But why should he stare at me so? Jess—He was probably watching your nose. He's supposed to keep his eye on everything that turns up.

Colonel Kilbourne's engagements thus far made, immediately following the opening and up to election day, are as follows: Columbus, October 24; Youngstown, 24; in the Hooking Valley, 26-28; Toledo, 30; Delaware, 31;

Mt. Vernon, November 1; Zanesville, 2. It is possible that one or two of these dates may be changed to enable the candidate to speak in Cincinnati or Cleveland, or both of these cities. It is now settled that there will be on the Democratic side no speaking campaign, as that term is ordinarily understood. Whether the result will justify this policy is a problem which only election day can determine.

SATISFACTORY

To Both Parties is the New Hay-Pauncetote Treaty.

Washington, Oct. 19.—Lord Pauncetote will sail for the United States on Oct. 26, before the British cabinet has had an opportunity to review the protocols which embody in principle the proposed new Hay-Pauncetote canal treaty. It is thought here, however, that that fact will not delay sensibly the final negotiations, which will take place here between Secretary Hay and Lord Pauncetote, for it is the intention that the new treaty, like that which it will replace on the docket of the senate, shall be finally drafted and signed in the city of Washington. It is said that when the new document is framed the "fortifications" clause will have been found to have dropped out, leaving the United States at liberty to fortify the canal, but it is distinctly stated that it is not obligated to do so, and in fact there is no present intention of erecting fortifications, which, it is stated, would be much more expensive than a fleet of battleships and less useful.

Hanna and Roosevelt. Cleveland, Oct. 19.—Concerning published reports that President Roosevelt had asked him to be to him just what he was to President McKinley, Senator Hanna said that he had not seen the reported interviews, but made the statement that whatever talks he had had with President Roosevelt were entirely satisfactory, and that the matter published had not been given out by him. He said further that he would support President Roosevelt as cordially and as frankly as he had President McKinley. Concerning the reports that Senator Hanna would resign as chairman of the Republican national committee, an intimate friend said there was little probability of his doing so.

Reciprocity Convention. Philadelphia, Oct. 19.—The committee on arrangements of the National Association of Manufacturers met here to perfect arrangements for the holding of a national reciprocity convention at Washington, beginning Nov. 19. The convention will probably last three days. President Theodore C. Search of the National Association of Manufacturers presided at the meeting, which was attended by 30 prominent manufacturers from various parts of the country. Mr. Search addressed the committee and made it clear that the convention was not to be a promiscuous or disorganized mass meeting, but a thoroughly organized convention of properly accredited delegates, representing exclusively the manufacturing interests of the country.

Railway Deal. Wheeling, Oct. 19.—The West Virginia Central and Pittsburgh railroad, the Davis-Rikins road, is to be extended westward to communicate with the lakes and the far west and east to the seaboard at Baltimore. A connecting link will be built from the present western terminus at Belington, W. Va., to Palestine, and a connection with the Little Kanawha railroad, which is to be acquired within a few days from the receiver. This gives entrance to Parkersburg, on the Ohio, and thence to the lakes and the west there will be connected with the Zanesville and Ohio River road, which is a Wheeling and Lake Erie property, while the latter is controlled by the Wabash.

To Maintain Rates. Cleveland, Oct. 19.—The Ohio Coal Traffic association held a meeting here, followed by a meeting of the traffic officials of all coal carrying lines that do shipping to the lake. Some roads into Michigan territory have been accused recently of accepting rates below tariff on fuel coal. This matter was discussed and it was decided to maintain rates absolutely. The decision was based upon the universal statement that coal traffic is now only limited by transportation facilities.

What Pat Crowe Wants. Omaha, Oct. 19.—John J. Crowe, who conducts a saloon in Council Bluffs, said that his brother, Pat Crowe, would not surrender until he was convinced that his bond would be placed at \$500. "If such a pledge is made he may be in Omaha within a week," declares the brother. "Pat has been all over the world," said John, "and while the Omaha police were looking for him, I saw him in Omaha. Pat has been in Council Bluffs within three months, and he has been in Omaha also. Since then he has been in Canada, but he did not like it there, and he is now within reach of Omaha."

Understanding Reached. St. Petersburg, Oct. 19.—The British and Russian governments have come to a complete agreement regarding the Afghan situation. It is asserted in high diplomatic circles here that even should complications arise in Afghanistan in consequence of the death of Abdur Rahman and the accession of Habib Ullah, these would not lead to concurrent intervention.

Dayton Out of It. Wheeling, Oct. 19.—Congressman Alston G. Dayton of the Second congressional district states that he is not a candidate for the seat in the United States senate now occupied by Hon. N. B. Scott of Wheeling, and takes occasion to indorse Senator Scott for re-election.

NEW STEEL COMBINE

To Enter In Competition With the Big Corporation.

HAS HEADQUARTERS AT PITTSBURGH.

West Virginia Railroad to Be Extended Through Ohio to the Lakes and the West—Demands of French Miners and the Government's Reply. Labor and Capital.

Pittsburgh, Oct. 19.—A new independent steel corporation, that is shortly to be ready to enter the market in competition with the United States Steel corporation, has been formed in Pittsburgh. The new concern is known as the Everson Steel corporation. The general offices of the company are at present located in Pittsburgh, and much interest has been aroused in local steel circles over the outcome of the enterprise. The new company is incorporated under the laws of West Virginia and has a capital of \$3,000,000. A site for the extensive plant that is to be built has been optioned along the Ohio river not far from Pittsburgh. The property, while located definitely, is not mentioned for publication.

Reply to French Miners. Paris, Oct. 19.—The premier, M. Waldeck-Rousseau, has replied to the secretary of the miners' federation regarding the government's intention towards the demands of the miners (for an eight-hour day, a minimum wage and a pension of 2 francs a day after 25 years' work), who threaten to strike on Nov. 1 if their requests are not granted. The premier says the government can not pronounce a decision on the eight-hours question until the parliamentary commission has made its report, while, respecting pensions, he recalls that the chamber of deputies will discuss, during the coming session, a general bill providing for workmen's pensions. As to the minimum wages, the premier says this is a matter which should be freely arranged between the workmen and their employers. This reply can not be considered very satisfactory.

Philadelphia, Oct. 19.—The committee on arrangements of the National Association of Manufacturers met here to perfect arrangements for the holding of a national reciprocity convention at Washington, beginning Nov. 19. The convention will probably last three days. President Theodore C. GAME OF KIDNAPING

Played Regularly by Turkish
and Bulgarian Troops.

FRONTIER AFFORDS EVERY FACILITY.

High Official of Bulgaria Protests
Against His Government Being Held
Responsible for the Abduction of
Miss Stone—Opposes the Payment of
Ransom—Macedonians Suspected.

Vienna, Oct. 19.—It may be regard-
ed as convincing proof that Bulgaria
is shielding the Macedonian commit-
tee and that the newspapers were cor-
rect when they declared that Macedo-
nians, disguised as Turks, had kid-
naped Miss Stone and that a regular
game is being played by Bulgarian
troops on one side and Turkish troops
on the other side of the frontier, each
side trying to smuggle prisoners over
the border in order that the ransom
paid by sentimental Americans may
be recovered, as the Bulgarians wish,
from Turkey, and as the Turks wish,
from Bulgaria, and that some prison-
ers, but for this farce, could be pro-
duced at any moment.

M. Saraloff, the minister of interior
for Bulgaria, and for the time being
the minister of foreign affairs, ad-
dressed a communication to Mr. Dickin-
son, United States consul general at
Constantinople a few days ago, in
which, after complaining that the con-
sul general had expressed dissatisfac-
tion with the measures the Bulgarian
government had taken against the kid-
napers of Miss Stone, he strongly pro-
tested against his government being
held responsible for a crime commit-
ted on Turkish territory, and declared
that, in order to guard itself against
a serious and unmerited accusation,
the Bulgarian government had resolv-
ed, should the robber band try to
cross the Bulgarian frontier or suc-
ceed in stealing into Bulgaria, to have
it mercilessly pursued and annihilated
by Bulgarian troops.

"We will not enter into any negotia-
tions whatever for paying ransom,"
said M. Saraloff, "as we don't want
precedents established for the many
robbers infesting the neighborhood to
turn to their advantage. We are firmly
determined to make an example which
will deter robbers from repeating such
speculations. It will then no longer
be possible to accuse Bulgaria of har-
boring secret committees which or-
ganize bands for kidnaping foreigners
in Turkey and removing them to Bul-
garia, there peacefully to enjoy the
ransom they extort."

General Corbin's Report.

Washington, Oct. 19.—The annual
report of Major General Henry C. Cor-
bin, adjutant general of the army,
comprehensively reviews the work,
condition and needs of the military
establishment. General Corbin sub-
mits a table to show that the army in
the Philippines is to be reduced by
expired enlistments at the rate of
about 2,000 a month from now on un-
til June, 1902. The question whether
regiments thus depleted in strength
are to remain so, or be recruited to
their full roster, he says, is one re-
quiring the very earnest consideration,
for if the latter is contemplated it is
already time to begin special recruit-
ing. The losses from all causes in
the regular army and the volunteers
from July 1, 1900, to June 30 last to-
talled 16,924 officers and men in the
former, and 8,191 in the latter. In
the casualties to the troops in the
Philippines since the date of the first
arrival, June 30, 1900, to June 30 last
were 115 officers and 3,378 men killed
and 132 officers and 2,646 men
wounded.

Lake Steamer Sinks.

Muskegon, Mich., Oct. 19.—The Bar-
ry line steamer State of Michigan
sank about three miles northwest of
White Lake harbor. The boat is now
lying in 60 feet of water in the path
of east coast steamers. The crew es-
caped in boats with the assistance of
the White Lake life-saving crew. The
Michigan left this port bound for Man-
istee. When off White Lake the pis-
ton rod of the engine broke, and, ac-
cording to the story of the captain,
broke a hole through the bottom of
the boat, through which the water
poured with such force and quantity
that the engine hands were driven out
of the room, and she was abandoned
to her fate and soon went down.

Republican Opening at Delaware.

Delaware, O., Oct. 19.—The speak-
ing campaign of the Ohio Republicans
was opened here today. There was a
large attendance from out of town. A
parade of visiting Republican clubs
was a feature of the occasion. Sen-
ators Foraker and Hanna, Governor
Nash and Hon. Carl Nippert, candi-
date for lieutenant governor, discus-
ed the issues of the campaign before
an enthusiastic throng that had as-
sembled around the speakers' stand in
the campus of the O. W. U.

Perry Heath's Venture.

Salt Lake City, Oct. 19.—At the
head of the editorial columns of to-
day's Salt Lake Tribune appears as
publisher and general manager the
name of Perry S. Heath, formerly as-
sistant postmaster general, and at
present secretary of the Republican
national committee. It is the announce-
ment of the management to shortly
establish an evening issue of
The Tribune. The Tribune will re-
main Republican in politics.

Major Hare's Ambition.

Washington, Oct. 19.—Senator Bal-
ley of Texas, who has been ill in this
city, saw the president in the interest
of Major Luther R. Hare of the regu-
lar army, who is a candidate for a brig-
adier generalship. Major Hare distin-
guished himself in the Philippines.

HOMER

People are Dissatisfied With the Ru-
 ral Free Delivery Service, Says
 a Utica Paper.

(Utica News-Herald.)

A great many of the citizens of
 Homer are very much dissatisfied
 with the way they are now receiving
 their mail and an effort is being made
 to have the old carrier resume his
 trips as he did before the rural free
 delivery was started. It is not the in-
 tention of the Homer people to try and
 have the rural delivery stopped, but
 they are anxious for better service,
 and are making a hard effort to have
 it. A petition has been drawn up and
 on last Monday there were 121 names
 signed to it, most of them being vot-
 ers. Just what success will come of
 the effort is left to be seen.

The fall race meeting given at the

The readers of this paper will be pleased
 to learn that there is at least one dreaded
 disease that science has been able to cure in
 all its stages, and that is Catarrh. Hall's
 Catarrh Cure is the only positive cure known
 to the medical fraternity. Catarrh being a
 constitutional disease, requires a constitu-
 tional treatment. Hall's Catarrh Cure is taken
 internally, acting directly upon the blood
 and mucous surfaces of the system, thereby
 destroying the foundation of the disease, and
 giving the patient strength by building up
 the constitution and assisting nature in do-
 ing its work. The proprietors have so much
 faith in its curative powers, that they offer
 One Hundred Dollars for any case that it
 fails to cure. Send for list of testimonials.

A. R. BREMER CO.

My Dear Sirs: About one month ago,
 seeing your advertisement in one of
 my magazines, I wrote you for a bottle
 of Coke Dandruff Cure, which you
 kindly sent, express charges prepaid.
 In all candor let me say that words are
 inadequate for me to express to you
 my profound gratitude for the blessing
 you sent me. I used it according to
 directions, and tho' I have been a suf-
 ferer from an exuberance of dandruff
 for more than ten years, accompanied
 with a disagreeable itching, yet it was
 not ten days from the date of the first
 application until every particle of dan-
 druff had completely disappeared. I
 have had this trouble as before stated
 for more than ten years, in the face of
 the fact that my head has been regu-
 larly shampooed, fifty-two times each
 year, for not less than fifteen years.
 Refer anybody to me, when I will take
 pleasure in answering them personally.
 Gratefully yours,
 (Signed) J. WATSON BRADFORD,

AMUSEMENTS.

"Are You a Mason?" will be pre-
 sented at the Auditorium tonight. The
 information department of our paper
 has been working over time answer-
 ing the inquiries of anxious subscrib-
 ers as to the meaning of the unique
 query placarded all over town.

"Are You a Mason?" is a light rol-
 licking farce from the German and is
 offered to the public by those enter-
 prising amusement merchants, Rich-
 & Harris. It interests you with its
 woes of and the uncommon com-
 situations that follow a Mr. Ble-
 good's statement to his family
 that he has become a "Mason," in ac-
 cordance with Mrs. B.'s wishes and
 desires. As he is only a member (in
 his mind) the result can be guessed
 at. As a specimen of pure comedy
 effort it is the best on the American
 stage today.

AUDITORIUM NEXT WEEK.

The monarch of repertoire, Messrs.
 Smith and Lamb, presenting the Mur-
 ray Comedy Company, are due in the
 city soon. The organization is strong-
 er than ever and consists of twenty-
 two people and will surely create a
 furor among our theatre-goers. It is
 a popular priced company par excel-
 lence, and the specialties, of which
 there are a great number are of a high
 order. The company will appear here
 for a week commencing Monday, Oct.
 21. The opening bill, Nature's Noble-
 man, is a comedy drama pure and
 sparkling and fairly bristles with
 startling climaxes and laughing com-
 edy. The enviable reputation the
 company has gained throughout the
 country will be more than sustained
 this season. Better plays have never
 been presented at popular prices, and
 crowded houses will surely greet the
 advent of the great Murray Comedy
 Company. Ladies free upon opening
 night when accompanied by a person
 with a paid thirty cent ticket. Seats
 on sale at Wiles Erman's drug store.

LATEST IN MINSTRELSY.

In presenting their latest creation
 in minstrelsy, Messrs. Primrose &
 Dockstader have in store for the pub-
 lic many new surprises and novel
 features, also a complete new scenic
 and lighting equipment, equal to and
 surpassing some of the greatest ro-
 mantic productions, with which to
 give to the public the only first class
 and meritorious minstrel entertain-
 ment in the world. Primrose & Dock-
 stader and their company of min-
 strel artists will be the attraction at
 the Auditorium on Tuesday evening,
 October 29. They have by their past
 proven to theatregoers that minstrel-
 sy is a choice form of entertain-
 ment and is equal, and in some re-
 spects superior to the legitimate dra-
 ma and its varied entertaining spec-
 ties go to make up an entertainment
 which can be attended by young and
 old, never at any time going beyond

the pure and wholesome. The scenic
 and lighting effects are said to be
 ahead of anything ever before at-
 tempted in this line, the costumes are
 new and up to date, the olio contains
 many new and unique novelties,
 among which are Claudius and Corbin,
 Janjoists; Zeno, Carl & Zeno, acro-
 bats, who are the acknowledged lead-
 ers in their line; Lew Dockstader in
 a new and original act; George Prim-
 rose in an original and most effective
 act, entitled, "The Sunny, Sunny
 South," which has been a pronounced
 success from the start, containing all
 the latest scenic and lightning effects
 known to the stage evolving a series
 of beautiful pictures of the South; Ol-
 lie Young and Brother, marvelous
 hoop rollers.

Reserved seats will be on sale
 Thursday morning at 9 o'clock at
 Rawling's music store.

 remedy helped him until he tried Elec-

WHEN TO KILL RABBITS.

Read What the Game Warden Says,
 It May Save You Trouble with
 the Law.

Chief Game Warden Reutinger has
 the following to say regarding the
 killing of rabbits:

"Under the present game laws,
 which are greatly muddled, rabbits
 cannot be killed except between Nov-
 10 and Dec. 1, provided, however, that
 any owner or tenant of a farm may
 kill rabbits at any time if they are
 found injuring crops, fruit, trees, etc.
 There is no law preventing the hand-
 ling of rabbits at any time, whether
 killed within this state or shipped into
 this state. Under these circumstances
 rabbits may be bought and sold in the
 markets of this state at any time."

A strike shouldn't cripple a brew-
 ery. The hops would still keep work-
 ing.

CRUSHED TO DEATH

In a Head-End Collision of Freight. Fate of Three Trainmen. Birmingham, Mich., Oct. 19.—Three trainmen were crushed to death in a head-end collision between an east and a westbound freight train on the Detroit, Grand Haven and Milwaukee railroad at a curve five miles west of here. The dead: H. Moffatt, engineer, Detroit; H. Luce, fireman, Detroit; Otto Neureberg, brakeman, Clarkston, Mich. The freight train going west was a very heavy one and stuck on the steep grade near Bloomfield. The engineer cut his train in two and took part of it to Pontiac. He returned for the other part and was just starting for Pontiac when the eastbound train came along and they collided with terrific force. Both engines are ruined.

Startling Story.

Detroit, Oct. 19.—A surprising story was told in Detroit by a prominent young society woman of Petoskey, Mich., who is visiting friends here, but who does not wish her name to be quoted. She says that since the condemnation of Czolgosz the wives of three of the most prominent citizens of that place have received anonymous letters, threatening them with assassination. The letters state that the recipient is one of 100 women throughout the United States selected to be killed in retaliation for the execution of the assassin of President McKinley.

Siamese Minister Coming.

Washington, Oct. 19.—The state department is advised by Minister King at Bangkok that the Siamese minister to the United States left there Sept. 4 for the United States. He will stop for some time in London, and expects to reach New York in the early part of November. The minister's name is Phya Akharaj Oradharaj (pronounced Pea Akharaj).

Waiters to Be Deported.

New York, Oct. 19.—An order was received from Secretary Gage of the treasury directing the arrest and deportation of 13 Hessian waiters, who are alleged to have been brought here and put to work by the Plaza hotel in violation of the contract labor law. The men will be sent away on the steamship Laurentian, Oct. 30.

Automobile Record.

Providence, Oct. 19.—In the face of a strong wind, which impeded his progress five or six seconds, M. Henri Fournier, the widely known Parisian chauffeur, went nine miles at Narragansett park against time in 10:43 1/2. The best time a mile was run in 1:07 1/2.

Everybody going to the Democratic State opening at Bucyrus next Wednesday, should be at the corner of W. Main and the Square as near eight o'clock in the morning as possible, in order to have time to purchase tickets for the car, which leaves at 8:30 a. m.

TWIN TROUBLES.

They Are Often Together These Days.

They Work Havoc All Over the Country and in Newark.

Weak, nervous, the digestion out of order—that is what ails a host of people. It comes about in this way, the nerves are burdened beyond endurance, nerve force is weakened, then the stomach loses its nerve controlling power and indigestion follows with failing strength. When first Dr. A. W. Chase's Nerve Pills came to Newark people could hardly be convinced that this great medicine would remove these troubles. Now it is an accepted fact because of their cure of very stubborn cases no other medicine would influence. Mrs. S. T. Weakley of No. 119 South Fifth street, Newark, O., says: "Dr. A. W. Chase's Nerve Pills are all right. My digestion was weak, food did not digest and distressed after eating. This made me nervous and dull. I was told the Nerve Pills would cure this and they did. The digestion, stomach and nerves are strong again and I am glad I got the medicine at Bricker's City Drug Store."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Willing to Take Chances.

"So you're going to marry Mike?" said the mistress inquiringly.

"Yes, mum."

"Are you sure you are not making a mistake?"

"Well," returned the cook thoughtfully, "he's not the best man in the world. To be sure, but if I have him go how kin I be sure of gittin' another wan? I've been thinkin' about it, an' it looks to me like it's right an' proper to take what ye kin get when ye kin git it. Them that holds off for the big prize has been known to lose the little wan. I think I'll take Mike."—Chicago Post.

HUMAN SPIDER

WAS WING WHO WAS WELL KNOWN IN NEWARK.

As Wired Advocate Friday, Famous Steeple Climber is Dead—Incidents in His Career.

A special dispatch to the Advocate Friday brought news of the death at Wheeling of George Wing, the steeple climber who was well known in this city. The following from Zanesville gives some interesting facts regarding this remarkable man:

George V. Wing, "the human spider," holding medals for steeple climbing awarded by societies in New York and Chicago, died in Wheeling, W. Va. Friday, and his body was brought to his home in this city last evening.

In more ways than one George Wing was a remarkable man. He scaled the Muskingum county court house from the ground to the weather spire on the steeple by climbing the outside of the building using his bare fingers and toes, never being aided by grasping even a window ledge. He did this on a wager of \$10. He visited New York last summer and painted the highest steeples and domes, earning the title from the Gotham press of human wasp and spider.

Steeple climbing was his trade, but he was a physical freak as well, and had been an object of curiosity and examination by the most renowned medical practitioners. His heart was on the right side of his body, and it is believed that all his internal organs were reversed. All his joints were double, and he possessed remarkable strength in the tips of his fingers.

Wing was born in Cincinnati 31 years ago, but came here when 2 years old. His father was drowned during the Muskingum Valley flood and his body was never recovered. Wing operated frequently at Cincinnati, and at one time gave an exhibition of his skill at climbing steeples for the special benefit of Senator Foraker.

Wing died from injuries sustained by a falling sign board which he was assisting to place in position after painting it. The workman who was helping him dropped the end of the sign he was carrying causing its entire weight to rest on Wing. He was borne to the ground and sustained a burst blood vessel by the crushing weight. The accident happened several days ago.

PAY FOR TROOPS.

Venezuelan Vessel Founders With a Large Sum on Board. Willemstad, Island of Curacao, Oct. 19.—A fishing schooner which arrived here from Aruba island, northwest of Curacao, brings the story that the Arends, a Venezuelan schooner, bound from LaGuayra for Maracaibo, carrying a sum of money from the government destined to pay the troops on the frontier—the amount being estimated at from \$25,000 to \$100,000—encountered heavy weather last Sunday night off Aruba island and foundered in deep water, the entire sum being lost. The crew, according to the story, reached the island in a boat. The money is supposed to have been part of the sum raised in Caracas a fortnight ago from the bank of Venezuela by President China.

Partition of China.

Indianapolis, Oct. 19.—Colonel Denby, ex-United States minister to China, and wife, are in the city. In an interview he said: "The great danger that confronts China is partition. Since the Germans took Kow Chow and other nations followed her example, it is a question of considerable doubt whether they will not partition China, as these nations are getting every possible advantage in the way of railroad and mining concessions, each one in the territory of which it has taken possession. The Russians control Manchuria and Mongolia and are building the Siberian railroad. If Russia carries out her promise our trade may not be interfered with, but it is greatly to be feared that she will take possession of Manchuria and will not let our goods come in on the satisfactory terms of the present Chinese tariff."

Defends Roosevelt's Action.

Indianapolis, Oct. 19.—Congressman E. G. Crumpacker of the Tenth Indiana district energetically defends President Roosevelt for his action in inviting Booker T. Washington, the negro leader, to dine at the White House, and said: "I am very glad that the episode has occurred, for it brings to the attention of the whole country the fact that a deep-seated hostility exists in the south against the negro, not because of his weakness or vices, but on account of his color. It also shows that nothing can be hoped in the direction of amelioration of the negro from the dominant party in the south. I think that the president's act will probably retard the building up of an independent white man's party in the south."

Chaffee On the Disaster.

Washington, Oct. 19.—The following brief cablegram from General Chaffee, reporting the fight of the Ninth Infantry in Samar, was received at the war department: "Forty-six men, Company E, Ninth regiment, United States Infantry, under First Lieutenant George W. Wallace, in field, lower Candara, Samar, were attacked by 400 bolomen Oct. 16. Our loss 10 killed, 6 wounded, names not received. Eighty-one of the enemy left dead on the field. Enemy beaten off."

Court Martial Ordered.

Washington, Oct. 19.—Secretary Long has approved the recommendations of the court of inquiry in the case of Colonel Robert L. Meade, U. S. M. C., and will order a court martial to try Colonel Meade on charges of intoxication while on duty, of giving false testimony and of violating the regulations in failing to respond to charges preferred against him by Colonel Denny and Lieutenant Colonel Lauchheimer, U. S. M. C.

American Reverse.

Manila, Oct. 19.—A force of 500 bolomen attacked a detachment of 46 men of the Ninth infantry at Bangalon on the Candara river, Island of Samar, killing 10 and wounding six. The remainder of the company arrived on the scene in time to prevent further slaughter and routed the natives, killing over 100 of them. It is believed that the Filipinos retired only for reinforcements.

Passenger Train Wrecked.

St. Louis, Oct. 19.—News has just reached here of a rear-end collision between a fast mail train and a freight train on the Iron Mountain road, four miles below Desoto. No. One man is known to have been killed and there were many injured. All the cars were thrown from the track.

Wound Proved Fatal.

Owensboro, Ky., Oct. 19.—John A. Oldham, the racehorse man, who was shot in Squire Johnson's court, died at the city hospital. Enoch and James Clary, the alleged murderers, were captured.

Sadness Explained.

In Liverpool recently a sentimental young lady was on the Cunard steamship quay when she saw a young girl sitting on a trunk in an attitude of utter dejection and despair.

"Poor thing!" thought the romantic lady. "She is probably alone and a stranger. Her pale cheeks and great, sad eyes tell of a broken heart and a yearning for sympathy." So she went over to the traveler to win her confidence.

"Crossed in love?" she asked sympathetically.

"No," replied the girl, with a sigh, "crossed in the Serbia, and an awfully rough passage too."—Tit-Bits.

The Dead One.

An old colored woman was "taking on" the other day over the death of her baby as she was going from the church to the back which was to take her to the cemetery. A white woman who knew her happened to be passing and said sympathetically:

"Which one of your children is dead, Aunt Eliza?"

"The one in the hearse," moaned the negress.—Atchison Globe.

INVESTIGATIONS ON AS A RESULT.

Teller and Bookkeeper of a Massachusetts Institution Leave Their Happy Homes For Parts Unknown—Cashier For a Pennsylvania Bank as Mysteriously Disappears.

Lowell, Mass., Oct. 19. — Albert G. Smith, teller, and Lewis K. Swift, bookkeeper of the Merchants' National bank, have been missing since Thursday night, and their absence has led to an examination of their accounts. The directors of the bank had a meeting, and as a result made a statement to the effect that the bank's interests are not affected. The statement is as follows: "The bank is absolutely sound. The first knowledge that we had of any trouble was in the failure of the men to appear at the bank at the usual time. That fact alone in a bank would call for an investigation. We do not know what the investigation will reveal. It has not been completed as yet. A final statement will be made."

The teller and bookkeeper were in Lowell Thursday night. They left their respective homes early in the evening, and so far as is known said nothing to their wives as to their intentions of leaving the city. The missing men have held positions in the Merchants' National bank for a number of years. They are among the best known young men here. Their disappearance was not known to the public until after the bank had closed. The directors are prepared for a brisk demand for money, and the president, A. G. Pollard, is authority for the statement that the bank will be able to pay out \$500,000 or more if it becomes necessary.

Cashier Disappears.
Boyetown, Pa., Oct. 19. — The doors of the National Bank of Boyetown, located here, were closed. A notice posted on the bank's door stated that it was done because of the disappearance of Cashier Milton A. Morey, who has not been seen for a week. A committee of bank officials went to Philadelphia to investigate his alleged doings there. It is supposed that he was engaged in speculation. The resources of the bank amount to nearly \$700,000.

The committee of bank officials who went to Philadelphia found that Morey had taken \$165,000 worth of the bank's securities, and these securities were found deposited with S. M. & M. S. Fridenberg, brokers of that city. What amount Morey had raised on the securities is not announced, but the presumption is that the Boyetown bank officials made good the sum secured, as they state that the securities are again the property of the bank. It is further stated that the banking institution will lose not over \$2,000, but the hint is made that some others are caught for considerable sums. Morey was under \$30,000 bonds. His wife says that he appeared completely unnerfed for the past few weeks, but that he was more cheerful than usual when he left home on Monday. His friends fear he has committed suicide. It is generally understood that he speculated in stocks.

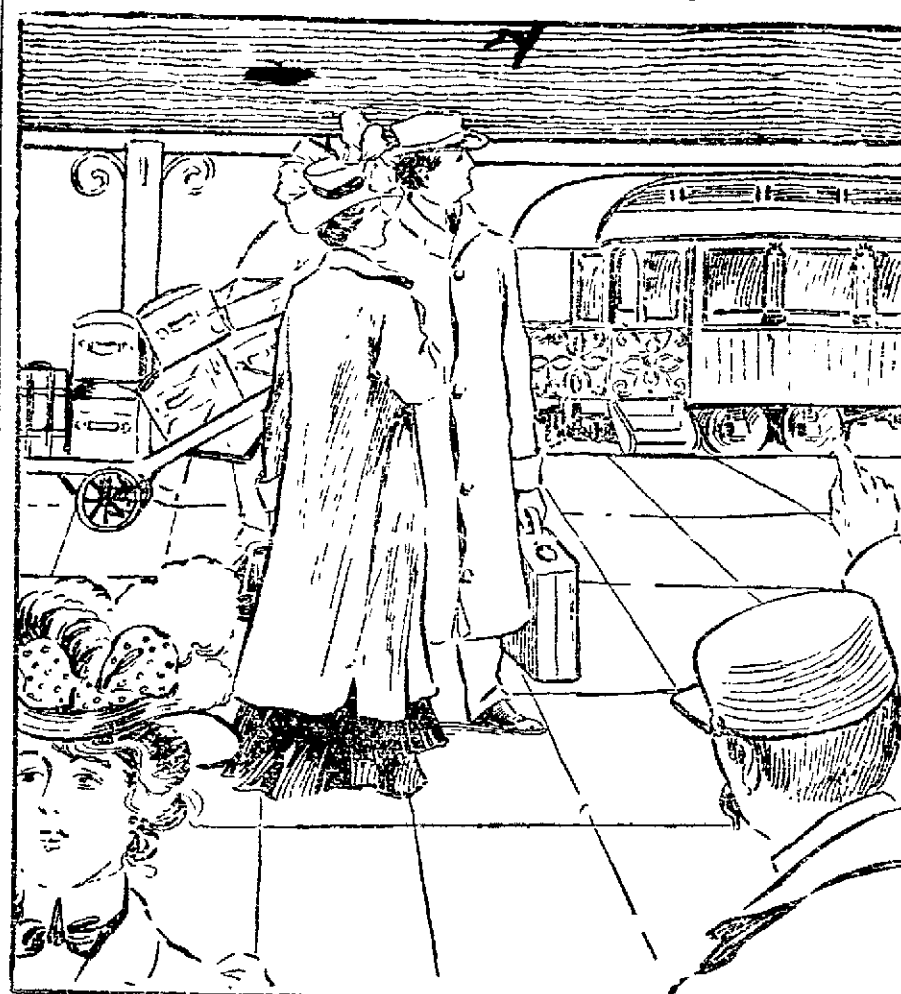

Lipton a Jonah.
Chicago, Oct. 19.—Sir Thomas Lipton had his first experience of fresh water yachting when the naval reserve yacht Dorothea, on which he was a guest, ended its cruise by running aground, blowing out a cylinder head and breaking the bowsprit off the Ruth, which was acting as a tender. The two boats maneuvered for 50 minutes in the harbor with the idea of getting close enough together for Sir Thomas and his party to get from the Dorothea to the Ruth, and thence ashore. The Ruth was almost sunk by striking a group of piles. Meanwhile the Dorothea lowered anchor and hoisted it again three times, and ended by getting stuck fast in the mud with its nose rammed against the breakwater.

Jockeys Mix Up.
Atlanta, Ga., Oct. 19.—Three jockeys were hurt, one of them dangerously, in the races now being given here by the Interstate Fair association. In the mile hurdle Henry Gibbs and Dewey D. collided at the fourth jump, throwing both horses and riders. Higginson, on Henry Gibbs, had his collar bone broken and sustained severe injuries, and Pierce, rider of Dewey D., broke his ankle. The horses were only slightly hurt. In the fifth event Intent, piloted by Jockey Castro, was crowded into the fence. Castro was hurled to the ground and picked up in an unconscious condition. His condition is serious.

Identified.
Rochester, N. Y., Oct. 19. — Frank McLaughlin, a boxmaker, was arrested charged with burglary and assault on the two old women whose house in the heart of the city was entered last Tuesday afternoon by three men, who represented themselves as gas works employees, and brutally beat the women to make them reveal the location of their diamonds and money. The women identified McLaughlin when he was taken before them.

He—Do you think it will be a good time?
She—Excellent. The girl is away, and I shall cook the supper. He won't risk having me stay around to try it again.—New York Weekly.

CRIME AND CRIMINALS

By CESARE LOMBROSO,
Italian Criminologist

A GREAT many persons do not comprehend that there may be some other method of defending ourselves against crime than by inflicting punishments which are often but new crimes and in nearly every case the source of other crimes. For the security of the normal part of humanity and for the sake of those unfortunate criminals themselves it is necessary to sequester them in such a way that they cannot commit any further crimes and that all occasion for crime is removed from them. But sequestration, as it is now employed in the case of the insane, must not be a torture for the latter, nor must it be the source of enormous cost to the community.

THE CELL SYSTEM IS HORRIBLE AND SHOULD BE ABOLISHED FOR THE SAKE OF HUMANITY.

Instead of driving these degenerates to insanity, suicide or a slow and painful death we should seek to direct the impulses and energy of the criminals into useful and beneficial channels. Finding an outlet for his energy and natural satisfaction in the exercise of his organs in a direction toward which he naturally inclines, the criminal will work with pleasure and to the advantage of himself and others.

I have known born criminals in high positions who satisfied evil inclinations by the exercise of their profession and became useful members of human society.

I HAVE KNOWN A FAMOUS SURGEON WHO IN THE FORMATION OF HIS SKULL AS WELL AS IN HIS FACE PRESENTED EVERY CHARACTERISTIC OF A BORN CRIMINAL AND WHO SATISFIED HIS CRUEL AND CRIMINAL TENDENCIES AND ENERGIES BY SURGERY, SOME-TIMES RATHER RISKY, BUT ALWAYS INGENIOUS.

Genius, like moral insanity, has its basis in epilepsy, and it is therefore not unusual to see moral insanity go hand in hand with genius and thus become not only inoffensive, but even useful to society. Many of the great conquerors and leaders of revolutions whose deeds are recorded in history belonged to that class.

To properly direct the dangerous inclinations and tendencies of the born criminals and morally insane and divert them into useful and beneficial channels seems to me the only correct and logical treatment.

POLICE COMMISSIONER MURPHY OF NEW YORK.

INSURED.

YOU insure your house against fire. You know what people would say if it burned down without insurance. They would say you were wanting in business sagacity, that you should have provided for this. Now leave house insurance and consider clothing insurance. Here the danger is even greater—not from fire, but from the chemicals and strong soaps used in the laundry. Wise women insure their finer, more delicate and perishable things against this risk, and the premium they pay is the trifling cost of Ivory Soap. That guarantees protection.

OUT ON A STRIKE.

UTICA PEOPLE

To Be Witnesses at the Preliminary Hearing in Mt. Vernon Monday. After the Other Four Men.

Utica, O., Oct. 19.—Sheriff Lynde, of Knox county, was here yesterday afternoon serving subpoenas for witnesses at the preliminary hearing of the four Danville bank suspects. The hearing as heretofore announced, will take place Monday afternoon at Mt. Vernon.

After the Other Four.

Mt. Vernon, O., Oct. 19.—Upon the request of the Cincinnati police department, photographs of the four Danville suspects will be sent the first of next week. The law provides that a man cannot be forced to submit to being photographed until after he has been identified for a felony. The charge against the men is that of burglary, and in case they are identified they will also be indicted on the charge of robbing Prof. Waughel. The former crime is punishable with five years and the latter with fifteen years.

Detective Smith, of the Pinkerton agency, of Chicago, returned from Mount Vernon and was accompanied by several gentlemen who saw the Monroeville robbers. Two more Pinkerton men arrived last evening, to assist in running down the remaining members of the gang.

Sheriff Lynde says that some of the best detectives in the country will be here in a day or so and will assist in the work. The officers are satisfied that the Monroeville bank robbers and the Danville bank robbers are the same.

The sheriff today told the Advocate correspondent that the barn near Utica in which the four men slept the night before their arrest at Utica, was again searched thoroughly last night and that more fuse, and dynamite were found. The sheriff also stated today that there are about 50 people living between Danville and Utica who can identify the four men under arrest. Many of them have been called to the hearing on Monday. Several tramps applied at the prison last night for lodging and it was thought by some that they were there to assist the delivery of the four men from the jail. Extra precautions however, were taken and no attempt was made last night to free the men.

SERIOUS

IS SAID TO BE CONDITION OF MRS. MILLER.

Hearing of Mrs. Applegate Charged With Shooting to Kill Therefore Postponed Till Monday.

The trial of Mrs. Thomas Applegate who is charged with attempting to kill Mrs. Philip Miller on Wednesday, by shooting her, was postponed Friday night until 1 o'clock Monday afternoon.

The condition of Mrs. Miller is such that grave alarm is felt. The arm, where the bullet struck, is swollen to twice its normal size, and blood poisoning is feared.

The injured woman is in bed, and is very ill. The bullet has not been extracted.

Mrs. Applegate and Mrs. Miller are neighbors at the corner of Hoover and Buckingham streets. They exchanged some words Wednesday over the alleged ill treatment of Mrs. Miller's child by Mrs. Applegate, when Mrs. Miller called at the latter's house. The shooting followed.

B. G. DAWES

Being Talked of as a Candidate for Congress in the Fifteenth District—A Successful Career.

This morning's Ohio State Journal contains sketches with half-tone illustrations of a number of the leading Republicans of the State, among them being an extended notice with cut of Eamon G. Dawes, formerly of this city. The article starts by saying:

"It is a high order of native ability and business tact and shrewdness that enables a young man to win a reputation as one of the leading business men of the state by the time he has reached the age of 30 years, but this distinction justly belongs to Hon. Eamon G. Dawes of Marietta, whose success in large enterprises is widely known and has attracted the attention of some of the greatest financiers of the country."

In conclusion the Journal says: "At this time, however, Mr. Dawes is strongly talked of as a candidate for Congress from the Fifteenth district next year, and his many friends throughout the district are urging him to enter the race."

Mr. Dawes while in Newark showed great business ability and he was very popular. While here Mr. Dawes managed the Newark artificial gas and coke company, in which he was a heavy stockholder, and later managed the Newark and Granville electric railroad for the Chicago corporation, which for a time controlled it.

"Is there any precaution taken here against fire?" asked the nervous guest. "Oh, yes," replied the hotel clerk reassuringly, "the proprietor has the place insured for its full value."

GROWING LESS

Is the Big Diocesan Debt of the Columbus Diocese of the Catholic Church.

The Catholics of the Columbus Diocese seem to have lost none of their enthusiasm concerning the payment of the diocesan indebtedness.

Less than a week ago Bishop Moeller was enabled to pay \$20,000 on the debt, reducing the obligation to \$70,792.

During the past week priests throughout the diocese have testified to the enthusiasm of the members of their congregations by remitting \$5,475 to the prelate. The net indebtedness is now \$65,317.

The amounts received by Bishop Moeller are from those congregations which are paying in instalments, and it is expected that a like amount will be received in the near future. The amount received by the bishop during the past six months almost equals the present net indebtedness.

The bishop will leave Friday for Marietta, where he will confirm a large class, many of whom are converts. He will perform similar duties Monday morning at Harriettsville and will dedicate a new church at Carlisle in the afternoon. On the following day he will confirm at Fox settlement, and will return to Columbus on Wednesday, October 23.

Boys Gave an Oyster Supper at Memorial Hall Last Night That Was Very Successful.

Licking Camp No. 92 S. A. W. V. gave a very successful oyster supper at the Memorial Hall last evening. The favorite food was cooked in every known style by the old cook of Company G of the 7th U. S. V. I., who is also the present chef of the local company of the 4th regiment O. N. G.

A large number of the comrades and their friends were present and a most enjoyable evening was spent. About 150 suppers were served and many members of the National Guards who are attending the rifle practice at the state camp grounds were present and seemed to greatly enjoy the good time which had been prepared for them. The boys of Licking camp certainly proved themselves good entertainers and will have no trouble in the success of another supper should they desire to give one at any time.
